

PROVIDER OF NDT CONSULTANCY TO
ALL INDUSTRIAL ENERGY SECTORS

**FORTH
INSPECTION
GROUP**

FORTH INSPECTION GROUP IS AN ORGANISATION WHOSE EXPERTISE IN BOTH CONVENTIONAL AND SPECIALIST NDT INSPECTION TECHNIQUES DATES BACK MORE THAN 30 YEARS.

PROVIDER OF NDT CONSULTANCY TO ALL INDUSTRIAL ENERGY SECTORS

The business provides NDT consultancy to customers in various sectors including renewable energy, defence and power generation and also in the oil and gas industry, both upstream and downstream.

Forth Inspection Group is committed to providing client focused, proactive inspection solutions. The company takes great pride in offering a personal, professional service and works closely with clients to find the best solution to their requirements.

An international company based in the UK and with most of its work based in Scotland, Forth has also worked in Denmark, Norway, France, Italy, Japan, Holland and SE Asia.

Forth is also working closely with various companies to develop specialist NDT techniques to inspect both new and in-service components.

Forth Inspection Group has entered a business collaboration with **Ondia NDE** for the provision of artificial intelligence for NDT data analysis.

- > NDT data analysis using Artificial Intelligence (AI)
- > Data integrity and quality control
- > Project and data management web app
- > Data visualization and analysis tools

Forth Inspection also works closely with **Array Training Ltd** who are a major UK based Approved Training Organisation (ATO) and an Authorised Qualified Body (AQB), accredited by the British Institute of NDT (BINDT). Array Training offers both company specific and individual schemes covering ISO 9712 / PCN & or SNT/TC/1A at level's 1, 2 and 3 training and examinations on numerous conventional and advanced NDT methods across 27 countries worldwide.
